“Rando is very experienced person, from system administration to photographer to CISO to social media marketer. Might look like too many areas, but Rando is also very results oriented person. Delivering results is something I remember from our working together times. Rando likes to take full responsibility on things. He is also good friend with details. And thinking about CISO role then patience, knowing details, always looking for delivering results and taking ownership - looks like a perfect set of skills. I truly hope to work with Rando again.” *January 26, 2017*

“I was managing Rando for the last 2.5 years and found him as a dedicated professional, hardworking and valuable member of my Security Department. Rando’s wealth knowledge of many IT technologies combined with his leadership skills makes him an excellent choice for managing a team in the information technology and security domain. It was a pleasure to work with Rando and I would be happy to work with him again in the future.” *August 1, 2011*

“It is my pleasure to write a recommendation for Rando Kall. Until recently, I have been working closely with him for several years. I have found him to be a pleasant, trustful person who is covering his areas of responsibilities with high motivation. Rando is a true team player, self-directed person who is able to communicate effectively and cover not only technical, but also people skills oriented tasks. During his more than 7 year tenure at Playtech, he carried out highly sensitive and demanding security related tasks in a professional and mature way. Rando has also become a trusted colleague to many of us in management level. We much appreciate his outstanding sense of values and good sense of humor. I highly recommend him for employment or cooperation with any organization.” *September 5, 2011*
